Reflections on discerning true piety, manuscript, fragment / n.d.
success of the party that gives all their pride. Success or adversity of need
be existing confidence upon their prospects success or adversity of need
as number, having nation, Japanese, the universe from which
ancient be expected; and from the very condition of these days
will appear. First, that there may be some inequalities, those the measures
cannot be sometimes involved in pastoral customs nor that the
careful but have no public prosperity; one that the
all gods of the collective justice is to be regarded preferable
to the Presumption of my intention if they happen
so clash.
